NEW HOUSE CONSTRUCTION

- c) Landscaping plans for the house (drawings should show the location and type of trees/shrubs/plants to be incorporated into the landscaping scheme);
- d) A drawing showing elevations of all four sides of the house at grade level and a top view drawing of roof line.
- e) A grading plan is required showing the **finished floor elevation** (no less than 1.5 ft. above curb) **and garage floor elevation**. No floor elevation will not be allowed below the curb line, except walkout basement homes.

APPLICANT SIGNATURE/DATE:

Applications MUST be on file with the city BY 4:30 PM, SEVEN (7) DAYS PRIOR TO THE SCHEDULED MEETING DATE (the Design Review Committee typically meets the first and third Thursdays of each month, as needed).

Note: All information submitted must be in compliance with the Planning and Zoning Codes and the Covenants and Declarations/Restrictions. After you begin construction, you cannot deviate from the specifications submitted in this application without written prior approval from the Design Review Committee. All projects not started within 6 months from the date of this application will need to be re-approved by the Design Review Committee. The City of Fremont Hills has an intergovernmental agreement with the Christian County Building Department for the administration and compliance of the IBC 2012 building codes. When plans are approved by the City, you are required to submit them to the County to obtain your building permit. The County will provide a list of required inspections necessary during the building stage to obtain a final Occupancy permit and No house shall be occupied until an Occupancy permit has been obtained.
